

EXPOSE *the* DARKNESS

Advocate. Educate. Illuminate.

Ephesians 5:11 – Take no part in the worthless deeds of evil and darkness; instead, expose them.

Kayla Maximovich Ogg, MA is a licensed professional counselor, university instructor, Christian author, and founder of Expose the Darkness — a memoir & ministry with a mission to shine the light of Christ on a topic that Satan works relentlessly to keep hidden in darkness.

Saved from practicing astral projection, a form of witchcraft, Kayla has witnessed and experienced the redemptive power of Jesus Christ and eagerly proclaims her testimony to the world. Old desires to dabble in darkness have been replaced with a passion to expose it instead. “God has given me a new purpose; to expose the enemy who sought to kill me, and **glorify the God who died and rose again to save me.**”

WHY?

1 Corinthians 10:13 makes it clear: **I am not the only one.** Studies show that New Ageism and witchcraft are on a steady rise, as occult practices are popularized all around us. The father of lies hides in darkness, where his deceptive works steal souls in secret. He convinces many he does not exist at all, and that these spiritual practices are safe! If churches keep silent on the issue, the enemy will continue to lure God's children into false enlightenment. Embracing this bold conversation **advocates** for those deceived to encounter Jesus, **educates** Christians and non-Christians alike, and **illuminates** the truth with the light of our living God.
